OneBeacon
MANAGEMENT LIABILITY

Management Liability Insurance for organizations seeking flexibility and security.

OneBeacon Management Liability™ means access to risk assessment expertise and tailored products, all delivered through our dedicated team of management liability specialists. What's more, as a member of OneBeacon Insurance Group, our solutions are backed by OneBeacon's® financial strength.

The Side A Excess and Drop Down Liability Policy is designed to help protect the director or officer from certain claims when indemnification and other insurance is not available.

We focus on covering the risks, so the organization can focus on what it does best.

Directors and officers of privately held companies and not-for-profit organizations are increasingly vulnerable to claims that potentially expose their personal assets. With insolvencies, mergers and acquisitions, and regulatory oversight on the rise, directors and officers are more exposed than ever before. Lawsuits are not only being filed by shareholders, but also by regulators, employees, creditors and competitors. Directors and officers of privately held and not-for-profit organizations are consistently being held to a code of conduct similar to those of their counterparts in publicly traded corporations.
